Lately, people are craving change. They are looking for authenticity and would like to spend more time in nature. They need to be calmed and soothed after challenging times, like the pandemic. This is why Tarkett chose nature as a key theme for the new and wide-ranging ICONIK collection.

This new collection is inspired by biophilic design. It offers a sleek and authentic style, where infinite décor options are available to anyone seeking a more green and natural interior. Plus, our ICONIK vinyl rolls perfectly match the back-to-craft home trends, that portray simplicity and sensitivity.

USE A SIMPLE MOP TO CLEAN YOUR FLOOR

Thanks to the special PUR surface treatment, the ICONIK flooring collection is highly resistant to the accidents of everyday life. Follow this gentle cleaning routine to keep your floors more hygienic and looking as good as new.

Daily: wipe or vacuum

Once a week (or more often): wipe the floor with a damp mop or a dampened cloth with warm water and a neutral detergent

Whenever necessary: remove dust with a broom or vacuum cleaner to avoid dust and dirt build-up

When installed without seams, it limits a build-up of dirt, making our vinyl rolls easy-to-clean and maintain. Make a healthier choice that is good for the planet.
